About Luca Lifestyle

Gerard van Tilborg
General Manager

EN

At Luca Lifestyle, the focus is on high quality planters. With each of our collections, we combine modern shapes with functional materials. "The wishes of our customers have been taken into account in the design of all products," says general manager Gerard van Tilborg. "Our modern production facility in Vietnam enables us to produce process-controlled and sustainably with consistently high quality." The manufacturing of planters has traditionally been deeply rooted in Vietnam - high quality standards go hand in hand with an eye for detail. The stable and scratch-resistant polyester-based material, developed in collaboration with a Belgian university for our versatile lightweight planters, is made for indoor and outdoor use with a 5-year guarantee of frost and UV protection.

NL

Bij Luca Lifestyle ligt de focus op plantenbakken in het hoge segment. Met elk van onze collecties combineren we opnieuw moderne vormen met functionele materialen. "Bij het ontwerp van alle producten is rekening gehouden met de wensen van onze klanten", zegt algemeen directeur Gerard van Tilborg. "Onze moderne productiefaciliteit in Vietnam stelt ons in staat om proces gecontroleerd en duurzaam te produceren met een constant hoge kwaliteit." De productie van plantenbakken zit van oudsher diep geworteld in Vietnam, hoge kwaliteitseisen gaan hand in hand met oog voor detail. Het stabiele en krasvaste materiaal op polyesterbasis, ontwikkeld in samenwerking met een Belgische universiteit voor onze veelzijdige lichtgewicht plantenbakken, is gemaakt voor zowel binnen- als buitengebruik met de garantie op vorst- en UV-bescherming gedurende 5 jaar.

DE

Luca Lifestyle steht für Pflanzgefäße von ausgesprochen hoher Qualität. Mit jeder unserer Kollektionen verbinden wir moderne Formen mit funktionalen Materialien aufs Neue. „Alle Produkte werden unter Berücksichtigung der Anforderungen unserer Kunden designt“, sagt Geschäftsführer Gerard van Tilborg. „Unsere moderne Produktionsstätte in Vietnam ermöglicht es uns, prozessgesteuert und nachhaltig zu produzieren und dabei eine konstant hohe Qualität zu erreichen.“ Die Herstellung von Pflanzgefäßen ist in Vietnam traditionell tief verwurzelt, ein hoher Qualitätsanspruch geht mit einem Auge fürs Detail einher. Das in Zusammenarbeit mit einer belgischen Universität entwickelte stabile und kratzfeste polyesterbasierte Material für unsere vielseitig einsetzbaren Leichtgewichte stellt einen bedenkenlosen Einsatz im Innen- und Außenbereich mit einem Frost- und UV-Schutz von 5 Jahren sicher.

Grigio

EN

The Grigio collection offers the best of two worlds: it has the robust look of concrete and the lightweight, yet strong and maintenance-friendly quality of polyester. This material ensures that the products are not only strong, but also resistant to all weather conditions.

NL

De Grigio collectie biedt het beste van twee werelden: de robuuste uitstraling van beton en het lichtgewicht maar sterke en onderhoudsvriendelijke karakter van polyester. Door het gebruik van dit materiaal zijn de producten gegarandeerd sterk en bestand tegen alle weersomstandigheden.

DE

Die Kollektion Grigio bietet das Beste aus zwei Welten: die robuste Ausstrahlung des Betons und der leichtgewichtige, aber dennoch starke und unkomplizierte Charakter des Polyesters. Dieses Material garantiert den Produkten eine umfassende Witterungsbeständigkeit.

Grigio Metallic

EN

To the already well-known Grigio collection, with refined concrete structure, 3 metallic colors have been added. These products are also made of the stable and scratch-resistant polyester-based material, allowing them to be used both indoors and outdoors.

NL

Aan de reeds bekende Grigio collectie, met verfijnde betonstructuur, is een 3-tal metallic kleuren toegevoegd. Deze producten zijn tevens gemaakt van het stabiele en krasbestendige materiaal op polyesterbasis, waardoor ze zowel binnen als buiten gebruikt kunnen worden.

DE

Die bereits bekannte Kollektion Grigio mit ihrer raffinierten Betonstruktur wurde um 3 Metallicfarben erweitert. Auch diese Produkte sind aus dem stabilen und kratzfesten Material auf Polyesterbasis gefertigt und können sowohl im Innen- als auch im Außenbereich verwendet werden.
